

Learner How-To Guide

Everything you need to complete your compliance
training with confidence

What's Inside

01

Getting Started

- First login & password setup
- Navigating your dashboard

02

Completing Training

- Starting a module
- Navigating slides
- Taking & passing the quiz
- Retaking the quiz

03

Your Certificates

- Viewing your certificate
- Printing
- Sharing on LinkedIn

04

Deadlines & Recertification

- Understanding deadlines
- Overdue warnings
- Annual renewal

SECTION

01

Getting Started

Log in for the first time and find your way around the dashboard.

Log In for the First Time

1

Check your email for an invitation from AA Plus

Subject line: 'You've been invited to AA Plus Policy Training'

2

Click the Set Up Your Account link in the email

The link is valid for 7 days. Contact your admin if it has expired.

3

You are taken to the password creation page

4

Enter a strong password and confirm it

Minimum 8 characters -- mix letters, numbers, and symbols for best security.

5

Click Save Password

You are logged in automatically and taken straight to your training dashboard.

Tip: *Bookmark training.aaplus.app for quick access in future sessions.*

Navigate Your Dashboard

1

The large ring shows your overall completion %

It fills as you complete each assigned module.

2

Module cards list all your assigned training topics

Each card shows the policy name, current status, and deadline.

3

Status labels: Not Started / In Progress / Completed

A green tick appears on fully completed modules.

4

A red banner appears if any module is overdue

Complete overdue modules as soon as possible.

5

Click any module card to start or resume training

Your progress is saved automatically -- pick up where you left off.

Tip: *Your dashboard updates in real time as you complete each module.*

SECTION

02

Completing Training

Work through training slides and pass the assessment quiz to earn your certificate.

Start a Module

1

From your dashboard, click on a module card

2

Read the module overview and learning objectives

This gives you a clear preview of what the training covers.

3

Click Start Training to begin

4

Your progress is saved automatically

You can close the browser at any time and resume later.

5

The module reopens exactly where you left off

Look for the Continue button on the module card on your dashboard.

Tip: *Read every slide carefully -- quiz questions are drawn from the training content.*

Navigate Training Slides

1

Click Next to advance through slides

2

Click Back to review a previous slide

You can revisit any slide as many times as needed.

3

The progress bar at the top shows how far you have come

e.g. Slide 6 of 14.

4

Some slides have interactive elements

Read them carefully before proceeding -- they reinforce key points.

5

After the last slide, the quiz becomes available

Click Take Quiz to start the assessment.

Tip: *There is no time limit on slides -- take your time to read thoroughly before moving on.*

Take the Quiz

1

After the last slide, click Take Quiz

2

Answer all 10 multiple-choice questions

Only one answer is correct per question -- choose carefully.

3

You need 70% (7 out of 10) to pass

4

Questions are randomly selected from a larger question bank

Each attempt presents a different set of questions.

5

Your score is shown immediately after submission

Pass: your certificate is generated automatically.

Tip: *Re-read the module slides if you are unsure before submitting the quiz.*

Retake the Quiz (If You Don't Pass)

1

If your score is below 70%, click Retake Quiz

2

A new randomised set of 10 questions is generated

The question bank has more than 10 questions, so expect variety each attempt.

3

Review the module slides before retrying

Focus on topics where you felt less confident.

4

There is no limit on retakes

Keep going -- you will get there!

5

Once you pass, your certificate is issued immediately

It appears on your dashboard and in the certificate view.

Tip: *Most learners pass within 1-2 attempts after reviewing the slides.*

SECTION

03

Your Certificates

View, print, and share your proof of completion.

View Your Certificate

1

After passing the quiz, your certificate is generated automatically

2

Click View Certificate on the result screen

Or find it via your dashboard -- click the module card then View Certificate.

3

The certificate shows your name, module, score, and completion date

Your organisation's logo appears in the top corner.

4

Certificates are valid for 12 months from the date of issue

The expiry date is shown at the bottom of the certificate.

5

All your certificates are stored in your dashboard

Access them any time -- they never disappear from your account.

Tip: *If your name appears incorrectly, contact your admin to update your profile.*

Print Your Certificate

1

Open your certificate from the dashboard or result screen

2

Click the Print button in the top-right corner

3

The browser print dialog opens

4

Select your printer, or choose **Save as PDF**

Saving as PDF lets you email or archive it without printing.

5

The certificate is formatted for **A4 / Letter paper**

Choose portrait orientation for the best result.

Tip: Use 'Save as PDF' to keep a digital copy without needing to print.

Share on LinkedIn

1

Open your certificate page

2

Click the Share on LinkedIn button

3

A LinkedIn post is pre-filled with your certification details

Module name, score, and organisation are included automatically.

4

Customise the post caption if you wish

5

Click Post

Your network can see your compliance achievement!

Tip: *You may need to log in to LinkedIn if you are not already signed in.*

SECTION

04

Deadlines & Recertification

Stay on top of due dates and renew your certifications every year.

Understanding Module Deadlines

1

Deadlines are set by your organisation's admin

2

Your dashboard shows the due date on each module card

e.g. 'Due: 30 June 2026'

3

A countdown appears as the deadline approaches

You will see warnings like '5 days remaining'.

4

Complete the module before the deadline

No further action is needed once you have passed the quiz.

5

If you need more time, contact your manager or admin

Only admins can extend module deadlines.

Tip: *Start modules early -- the quiz may take a couple of attempts to pass.*

Overdue Warnings

1

If a module is past its deadline, a red Overdue banner appears

The banner is shown prominently at the top of your dashboard.

2

The overdue module card is highlighted with a warning border

3

Complete the overdue module as soon as possible

Your compliance status remains incomplete until you pass.

4

Contact your manager or admin if you need an extension

Admins can adjust the deadline from their dashboard.

5

Your compliance status updates instantly once you pass

The overdue warning disappears and your completion percentage increases.

Tip: *Overdue status is visible to your manager -- act quickly to resolve it.*

Recertification -- Annual Renewal

1

Certificates are valid for 12 months from completion date

2

30 days before expiry, a warning appears on your dashboard

The module card shows 'Expiring Soon'.

3

Click Recertify on the module card

4

Complete the training slides and quiz again

Content may be updated -- read it carefully even if you are familiar with it.

5

Pass the quiz to receive a new certificate

The new certificate resets your 12-month validity period.

Tip: *Recertification keeps your compliance record continuous -- do not let it lapse.*

You're Ready to Learn!

First Login

Check your invitation email, set your password, and log in.

Complete Modules

Read every slide, then take the quiz. 70% to pass. Unlimited retakes.

Certificates

Issued automatically on passing. Valid for 12 months.

Share on LinkedIn

Celebrate your achievement with your professional network.

Watch Deadlines

Complete modules before the due date shown on your dashboard.

Recertify Annually

Renew each certificate within 30 days of the expiry warning.
